PANAY ADVENTURE

Go Native at Kayak Inn and experience the real Philippines with Tribal Adventures' hot and cold water therapy. The hot "kawa" tubs, originally used for making sugar, are a finisher to paddling river kayaks and getting an intentional pummeling in white water rapids. Plunge from waterfalls into cold water rock pools, have your dead skin devoured by tiny ravenous fish in a local fish spa, and be pampered by masseuses trained in traditional "hilot" therapy – all in a 3-day cultural immersion expedition that won Tribal Adventures the Kalakbay (national tourism) Award.

This 6D/5N tour also takes in the icons of original hill station and long-time summer capital Baguio, as well as tourist-drawcard Banaue and backpacker-magnet Batad. Accommodation is in quality local inns and rice huts.

OUTRIGGER SEA SAFARIS

Small outrigger boat sea safaris between the islands of Northern Palawan make you appreciate the Philippines as an archipelago. With tailor-made itineraries, Tribal Adventures ensures that your interests are woven into the trip, truly making it your own adventure.
